"...it is in the delivery of services that GreyDuck particularly excels, providing value far surpassing the cost."

"GreyDuck has proven to be an effective business partner for [us], and we look forward to working with [GreyDuck] again in the future."

Why partner with GreyDuck?

- We are an Advanced IBM Business Partner
- GreyDuck consultants are experienced working in all aspects of Lotus Technology. Our consultants have worked in many different Lotus environments and are IBM Certified Lotus Professionals. We partner with your company to help you automate your business processes while leveraging our past experiences with many other companies. We know what works and what doesn't.
- GreyDuck utilizes our network of consultants in the Lotus Notes arena to augment our own expertise. If your needs are outside our area of expertise we will tell you. If Lotus technology is not the right fit for your organizational needs we will tell you. We leverage our Lotus Notes consultants to bring the right person for the job into your project.
- We have formed strategic alliances to assist you with IBM Hardware & Software.

"Throughout my project, [the GreyDuck consultant] exemplified superior skills and admirable work ethics."
